## TRANSPORTATION

If your child will not be riding the bus home for any reason, it is imperative that you send a note or call the front office to let us know. Please give your child's first and last name and bus route letter when calling. If your child will be going home with another student, we need a note from both students' parents indicating permission. If we have not received information regarding a change in your child's regular routine, it delays the buses in the afternoon causing the route to be late.

In addition, if you will need to change your child's bus usage in any way for the next school year, please send a note to Kathy Bouman by May 30. If changes occur during the summer, please call transportation directly at (858) 496-8460.
