Description

Angier Elementary School is located in the Serra Mesa community. Our school serves both military and civilian families. We have a diverse student population composed of many cultures and ethnicities.

Parents describe Angier as a warm and caring school. We developed The Angier Way to support our learning community. The Angier Way explains the five points of the Angier Star: Honor Self, Honor Others, Honor Environment, Honor Achievement and Honor Peace. The program emphasizes important character and life skills.

Our upper-grade students participate in an adapted AVID program. In AVID, they learn study skills that will support achievement in middle school and beyond.

Angier’s dedicated staff features a mix of new and experienced teachers. Our teachers use collaborative planning to focus on improving student performance. We believe using best teaching practices across the curriculum will result in higher student performance and foster the development of lifelong learners.

Our library, which is located in the center of school, helps integrate literacy into all areas of study. Our site provides free childcare through the District’s PrimeTime Extended School Day Program. PrimeTime offers opportunities for students to receive homework support and small group instruction by Angier teachers.

At Angier, parents, teachers and community partners work together to help all students achieve their greatest potential.
