Description

Bay Park Elementary is located in the Bay Park area, east of Mission Bay. Over half of our students are local residents, over 40 percent attend through Open Enrollment or VEEP, 8 percent are special education students.

Bay Park combines the academic rigor reflected in state framework and grade-level standards with sensitivity to each learner’s unique social and academic needs. The five core beliefs of our instructional program are: powerful modeling, opportunities for student conversation to build meaning, high expectations, differentiated instruction and learning activities, and community building/relationships. Staff, students and families embrace responsibility for building and maintaining a culture of respect where diversity is celebrated.

Our learning community joyfully inspires all to pursue excellence in teaching and learning in a

child-centered atmosphere. Specially trained teachers and assistants serve our visually impaired program students, who are included in general education K-5 classes, or in non-severe SDC. We have the only seminar program in the Clairemont area for grades 3 and 4. Students are celebrated through fun events like our science fair and math nights.

Parents and community members are extremely active volunteers, tutors, chaperones, event organizers and drivers. Our SSC, Governance Team, PTA, and Bay Park Foundation, provide resources with a positive impact. Committees support our three award-winning gardens, Halloween monster mash, spell-and jog-a-thons, variety show and wonderful spring carnival. Our school has strong partnerships with the Clairemont Kiwanis Club, K-Co Construction and The Navy Third Fleet.
