## Description

Bird Rock Elementary School actively supports learning and creates opportunities for academic achievement and personal responsibility for all students through a standards-based curriculum that challenges students to rise to their highest potential through inquiry, discovery and collaboration. Our staff, students, and parents, with the support of our neighborhood community, strive toward the common goals of academic success and the social and emotional well-being of every student.

Thanks to our quality academic program, Bird Rock students are high-achieving. Our STAR results place us among the District's top-performing elementary schools. Teacher collaboration and strong parent dedication to education contribute to our success.

All students are offered a comprehensive curriculum that focuses on literacy,

mathematics and science. Teachers set high expectations, use multiple measures of assessment and take responsibility for student performance. Our grade-level teachers meet weekly to plan and assess student work.

Support of EL and target students is provided through interventions outlined in our Single Plan for Student Achievement. All students are fortunate to participate in PTA-sponsored after-school enrichment classes that offer a wide range of opportunities in fine arts, foreign languages and sports.

For the past two years, Bird Rock has earned recognition on the California Business for Education Excellence Foundation Honor Roll. Our school has been awarded grants from Las Patronas, La Jolla.
