Description

Golden Hill School of Arts and Media is located in the historic urban neighborhood of Golden Hill. We opened our new modern school in January 2006 to provide students with a beautiful and progressive learning environment. The K-8 Facilities Modifications Project is continuing with construction of our physical education facility and outdoor amphitheater.

Many students come from socio-economically disadvantaged households with a single parent or two working parents. More than half speak English as a second language. The language spoken at home is predominately Spanish.

Our committed staff provide a rigorous and balanced instructional program that will result in accelerated student learning. Teachers

participate in professional development to improve instructional practice.

Golden Hill has a thriving PTO, as well as an active parent education program. The Nell Soto grant allows teachers, parents and students the opportunity to forge strong relationships. Parents, students, community and staff work together as partners in our children's educational process.

Our partnerships with the HSL-45 Navy Helicopter Squadron, the Jewish Family Service, and City National Bank enrich the educational program with an array of extra-curricular and instructional activities. Clubs offer students many choices, among these are cooking, crotchet, dance and digital photography.
