Description

Carver is a small school, located in the Oak Park community and bordering Chollas Lake Park. With under 400 students, our school is clean and well-maintained, providing a sense of order and safety in a friendly environment conducive to teaching and learning.

Students attend Carver from the surrounding neighborhood. Some are enrolled in Special Education classrooms or attend through the Choice program. Many students attend Carver to learn Arabic, one of six official languages of the United Nations with great economic and commercial value to prepare students for a global society.

Students' backgrounds include diverse Hispanic, Asian and African cultures. Many speak a language other than English. English learners are enrolled in a Sheltered English Immersion

(SEI) program to help them meet English Language Immersion development standards.

In addition to being a good place to learn, Carver prepares students for a successful transition from middle school and high school to college and career. Our goal is to help each student build a solid foundation for quality-of-life after school. We believe that how we teach influences how students behave. Thus, we teach students to be respectful and courteous; to build self-confidence and self-reliance to strengthen the classroom and school learning community.

We want students to be part of a community of lifelong learners who value teaching and learning. Because parents are teachers, too, we value the importance of parent involvement.
