Description

Chesterton students reside in the community of Linda Vista and in military housing. Our student population is quite diverse. Approximately one-third of the student body is white. African-American, Hispanic and Indochinese students comprise 15-20 percent each, with Asian, Filipino, Pacific Islander and Native American ethnicities represented as well.

Our dedicated teachers and support staff are committed to improving teaching and learning for all students. Chesterton features award-winning teachers and a National Board Certified teacher.

Chesterton students are engaged in literacy lessons and activities guided by the San Diego Literacy Framework for three hours each day. Reading and writing are emphasized in all

subject areas. Teachers assign homework designed to improve students' performance in basic skill areas, and to assist development of good study habits and self-discipline.

We are committed to increasing the percentage of students scoring above average in reading and mathematics at all grade levels tested. Our test scores show generally good results, with many students scoring above average in all areas. We continue to focus on students who perform significantly below grade level.

We happily welcome the support of our Chesterton community. Participating partners include the YMCA PRYDE after-school program, and tutoring assistance from Kearny High ROTC cadets and Food Services staff.
