Description

Cherokee Point is located in City Heights, one of the fastest growing neighborhoods of San Diego. The local community selected our school name.

Cherokee Point has high academic and social standards. We empower our students to be responsible for their own learning. We value children as unique individuals. Cherokee Point students are encouraged to be curious, to develop intellectual risk taking and increase academic achievement. We provide all children the opportunity to enjoy learning, celebrate diversity, gain analytical skills and model exemplary behavior.

We believe in creating an environment that addresses the individual needs and unique

learning styles of every child. Multiple measures in literacy, mathematics and language acquisition are employed to determine the instructional skills, strategies and approaches we teach and/or implement. Cherokee Point is focused on ensuring that every student has access to a high quality, rigorous, engaging instructional program. A range of support opportunities is available for students needing additional assistance.

Collaboration with our families and involvement with our community promotes student responsibility for lifelong learning. As a result of our commitment to obtaining community resources, we offer many special programs through our business and community partners.
