## Description

Dailard is ideally located in the beautiful residential community of San Carlos. We are an energetic learning community. Award-winning staff are dedicated to providing outstanding, child-centered instruction. We are devoted to continuous improvement and are proud to be part of such a progressive learning community.

Dailard offers a strong standards-based curriculum with a special emphasis in the arts. We commend all stakeholders for exceeding our school wide API growth targets over the past several years. We are recognized as one of the District's top-ranking schools. Our API scores place us among the top 10 percent of all similar schools throughout California.

Dailard students attain high California Achievement Test scores. We pledge to continue our efforts to improve; with particular attention

and additional support to students at risk of not meeting grade-level standards.

Our preeminent professional culture is one of our greatest strengths. Professional development remains at the forefront of everything we do to improve as educators. Teachers participate in staff development days, grade-level meetings, study groups, classroom visits and direct training on specific instructional strategies. Our school wide development emphasizes standards, technology, alternative assessment, literacy and mathematics.

Parents enthusiastically volunteer daily, signifying their willingness to be part of the professional culture of the school. The Dailard Parent-Teacher Foundation coordinates activities and events such as Dads Assisting Dailard Students (D.A.D.S.) events.
