Description

Emerson-Bandini is located on two campuses; near I-5 and I-15. Our student body is predominantly Hispanic. Many children are English learners. We strive to continue improving the academic performance of these and all students.

Our school's focus is on literacy and mathematics. Emerson-Bandini administrators work with staff and parents to develop a plan that places a special emphasis on literacy. Specialized support staff and teachers collaborate to plan instructional approaches to meet the individual needs of students. Teachers and administrators engage in ongoing professional development in literacy and mathematics to improve teaching and learning in these key areas.

We utilize site resources to support excellence. Classroom libraries are continually updated to reflect and fulfill the academic needs and interests of our students. We have established a book room on each campus to provide additional resources for classroom instruction. The book rooms give teachers convenient access to a wide variety of materials.

Emerson-Bandini parents are involved in many school activities. Their participation helps enrich the educational experience of students. Parent volunteers read to students on Literacy Fridays and tutor in the classroom. They also are involved with the PTA and participate in other school organizations and activities.
