Description

Franklin Elementary School is located in the Kensington/City Heights residential area. We prepare respectful, responsible, and productive students. We collaborate with parents and community members to offer a community-based approach to foster growth of the whole child, and support the teaching and learning environment to ensure that all students reach his or her potential.

We offer a comprehensive standards-based program emphasizing literacy, mathematics and science. All Franklin teachers are trained in Systematic ELD. We have a full time English learner support teacher. Our special support programs and services and balanced character education program supplement the academics. Presentation awards for academic excellence, perfect attendance and outstanding citizenship

promote students' self-confidence, self-esteem and inspire healthy life habits.

Visual arts and music are integrated into the educational experience. Students enjoy the "Keys to Achievement" computer-based music program. Fifth graders pursue exploratory instrumental music. Teachers are supported by a fitness consultant to instruct the "Fun to be Fit" physical education curriculum.

Our weekly prep time experience supports progress in mathematics. All students receive weekly computer instruction and library time. Valued partners such as, Price Charities, support our literacy, math, special needs, counseling and mentoring efforts. We are a "Catch a Rising Star" school, which rewards students for improved attendance, grades, attitude and behavior with an educational field trip.
