## Description

Lafayette Elementary School is located in Clairemont. Opened in 1966, our school was designed and built for general education students and the District's DHH program. Students range from 18 months old to 6th graders. Our location allows convenient access to Olive Grove Community Park, local library and fire station, and other community resources that support learning. The campus is well maintained by the District, and our community takes pride in the school's appearance.

We provide a rigorous, standards-based instructional program, responsive to individual learning styles. To meet the needs of our very diverse population we offer special day classes for DHH students, "push-in" support for students who receive special education services in a general education setting, and specially designed academic instruction for English learners. GATE is offered to all qualified general and special education students.

We envision a school where the mental, emotional, and physical needs of each child are met. We teach students to exhibit kindness, respect, responsibility and cultural awareness through words and actions. Our school accepted Rachel Joy Scott's challenge to create a chain reaction of kindness. Teachers integrate this philosophy through classroom KC Clubs. On the last day of the school year all KC Clubs link paper chains together and parade to celebrate our success.

Active participation and strong communication between home, school, and the community leads to student success. Informational community meetings are offered throughout the year to keep parents informed of school progress toward academic goals. We encourage parental support and participation.
