Description

Lee Elementary is located in Paradise Hills. We are surrounded predominately by single-family residences. Our school has been a beacon in the community for over 50 years. Our goal is to continue to increase the academic achievement of all students, with a specific focus on literacy, mathematics and science.

Twenty-three classroom teachers, several support teachers and one P.E. prep time teacher educate our students. Our motto is "Excellence in Education." We offer MEC and SEI classes for students who are developing their proficiency in English. Students learning English as a second language receive daily explicit small group English Language Development instruction.

Our teachers continually work collaboratively and participate in professional development to

further develop best teaching practices to facilitate the greatest improvement in student achievement. By empowering all stakeholders in the spirit of collaboration, Lee is truly becoming a professional learning community.

Our active PTA is devoted to supporting student achievement by raising funds throughout the school year. The PTA fundraisers provide support for instructional materials, technology for the classroom, field trips and our annual Winterfest program and Multicultural Fair. Family involvement is a cornerstone of the Lee community. Parents participate regularly by volunteering, participating in our annual events, and attending Fabulous Fridays and reading with their child in the classroom.
