Description

Mason Elementary was built in 1976, in the center of Mira Mesa. The integrated community is composed of single-family homeowners, apartment renters and military families.

We are a large school, with an enrollment of over 800 students. Our school is an ideal setting to experience the values of different ethnic backgrounds and to practice essential human relation strategies. Students will be prepared to become contributing members in the larger multi-cultural society because they understand and appreciate the beauty in others.

Mason emphasizes high academic expectations and strong parent involvement. All learning community members work together to create a positive environment. Learners can take risks without anxiety, think critically, and are encouraged to ask questions about their learning and their world. We continue to rank in the top 20 percent of schools statewide.

Our goals are to provide a quality instructional program with maximum opportunities for students to learn, and show academic progress in all curricular areas. We provide a high level of instruction to address the individual needs of all students. Mason continues an accountability process in literacy and math, focusing on high standards and grade-level expectations. Teachers, administrators, and parents are provided opportunities to learn effective strategies to enhance students' success, and to continue a shared decision-making process involving parents, teachers and administrators.

Our community partners, Mission Federal Credit Union, Mira Mesa Lanes, Yogurt World, Daphne's Greek Café, Jewish Community Foundation, and Naval Consolidated Brig-Miramar, provide valuable support.
