Description

We are located in the heart of Scripps Ranch. We have a large, diverse population. Students are empowered to take responsibility for their learning. Staff collaborates to create a nurturing environment where students can take risks without anxiety and ask questions about learning and their world.

We strive to provide a quality education for every student in a community of learners where all are encouraged to achieve academic and social success, enjoy learning, celebrate diversity, develop analytical skills and model exemplary behavior.

Our curriculum emphasizes high academic standards and high expectations. Teachers incorporate a variety of instructional strategies to address individual learning styles. All students have the opportunity to participate in

comprehensive arts and science programs and the before-school running club.

Parents are encouraged to actively participate in school activities. Almost half of our families are members of the Family Faculty Association, supporting Miramar Ranch with funding for programs that would otherwise be unavailable.

Our commitment is to provide a safe and academically rigorous environment that challenges all students to rise to their highest potential. Our 5th grade Safety Patrol Team was rated the best 2008-2009 Safety Patrol Team among 19 elementary schools in the Northeastern Division of San Diego. The team earned first place among 89 city of San Diego elementary school safety patrol teams. Congratulations to the team who makes sure all Miramar Ranch students are safe at the crosswalk each day before and after school!
