Description

Paradise Hills Elementary was established in 1946. Located in an older community populated by families that are racially, ethnically and linguistically diverse, we are proud that second- and third-generation students attend Paradise Hills and that many faculty have worked here for more than 20 years.

We have undergone a transformation from a large K-6 to a smaller K-5 local neighborhood school. We continue to be a community anchor and gathering place.

Teachers and parents work collaboratively to provide high-quality education, as evidenced by the significant rise in test scores. We are proud of our computer classroom, modern library and teacher development room, all built with Proposition MM funds.

Paradise Hills has made a significant investment in technology and science education. Our computer lab features new Apple Mac computers, staffed with a full-time credentialed teacher. All students leave Paradise Hills fully computer literate. We have a science club and science instruction in all classrooms.

Our campus is a showcase, with a fitness course funded by the San Diego Chargers, electronic marquee, upgraded lunch court and playground. Our newly repainted school is immaculate, which leads to a greater sense of community pride and increases student achievement.

Paradise Hills is a 2006-07 Title 1 Achievement Award School. We received British Petroleum grants to create a renewable energy curriculum. The grants helped us upgrade classroom technology.
