## Description

Rowan is a culturally diverse school where all staff, students and parents work together to make a difference. Our motto is: "Together, staff, students, and parents, we can do it!" Our integrated setting encourages students to realize their full potential and become responsible, literate, thinking and productive members of a global society.

We have an uninterrupted morning instructional block. Instructional staff collaborate weekly to insure academic needs of every student are met. Teachers keep families informed of academic and behavioral progress through weekly written reports. Use of the SBRC helps families monitor the progress their child(ren) are making towards achieving grade level proficiency.

Our character education program, The Rowan Way, is shared and celebrated during monthly community meetings. Our school wide

discipline plan is based on The Nurtured Heart Approach and three main elements of being human: You belong. You are competent. You are valuable.

Grade level teams plan instruction, assess student work, and attend professional development. All certificated staff develop an inquiry question and utilize it throughout the year to deepen their understanding of how best to support students to reach their full potential.

One continuing long-term Rowan goal is to strengthen the bonds between families and our school. Our supportive PTA raises funds to provide field trips, library books and other activities, enriching the lives of students and making them proud to see their parents as partners in their education. We enjoy active parent and community involvement, including open houses and an annual winter carnival.
