Description

Vista Grande is located in Tierrasanta. Built in 1978, the original brick building once housed the entire student body. Bungalows were added as enrollment increased and class-size reduction was implemented, requiring additional classroom space. Today, 18 of the current 28 classrooms are located in the permanent building.

Of our enrollment of approximately 434 students, 130 attend through VEEP and 270 through Choice. The remainder of students live within our boundaries.

Our mission is to provide each student with an exceptional education in a compassionate, diverse and safe environment. Vista Grande offers a strong literacy and mathematics curriculum aligned with state standards and SDUSD frameworks.

Our staff strives to promote academic excellence. We believe that all students have a right to learn and that all teachers have a right to teach. Therefore, we have established behavior standards to assure positive classroom and school environments that are conducive to learning. We also believe that education is a team effort among the children, parents and staff.

Vista Grande has very active and supportive parents. Many volunteer weekly in classrooms, serve on committees that organize family nights and fundraising events and participate as officers of the foundation that supports the school. These and all Vista Grande parents are greatly valued and appreciated.
