## Description

Walker was built in 1976 on a seven-acre site in Mira Mesa. The integrated community is composed of single-family houses and apartments. Many families are in the Marine Corps. We have a diverse student population, over one quarter are English learners. Languages spoken include Spanish, Tagalog and Vietnamese. More than half of our students are eligible for free or reduced-price meals.

Our focus is to accelerate gains in student performance at all grade levels. We endeavor to meet and exceed District targets for proficiency in English, mathematics and science. Our goals are to ensure students increase their proficiency by at least one level in the California English Language Development Test, and to meet

accelerated District targets for 5th-graders in Physical Fitness Test standards. All 2nd graders will be tested for the GATE program.

We inspire our students to believe in their own abilities and self-worth. We enable them to do their best, to value and appreciate others as individuals and respect the world in which they live.

We are committed to engaging parents as partners in their children's education. Our principal sends weekly updates to help ensure that students meet attendance rate targets. We are proud to note that Walker has met all AYP and API criteria.
