## Description

Washington Elementary, located in the heart of Little Italy, has served the downtown community since 1914. We are proud of the diversity our students bring to our school. A significant number of students live outside school boundaries and attend via the Choice program.

We believe that students become competitive on a global stage when given experiences that challenge them to work cooperatively, evaluate solutions, and share ideas. Our program emphasizes inquiry, choice and reflection through project-based learning.

Our curriculum supports children in their areas of need and promotes their strengths and interests. Technology is a key component, extending learning beyond the classroom. We are currently constructing two smart classrooms for the 2009-10 school year, where students will use the latest tools to research, communicate and create. These classrooms will

contain upgraded technology, allowing interaction with the world in new and innovative ways. All classrooms will be smart classrooms by the end of the 2010-2011 school year.

We believe a strong foundation in the arts prepares students for the 21st Century. Students study and work with artists from ArtReach and the Mingei International Museum, participate in the school-in-residence program at The New Children’s Museum and take ballroom dancing on a weekly basis.

Our many partnerships provide students opportunities to experience the resources of a culturally rich metropolitan community. Our partners include, Center City Development Corporation Educational Task Force, The Little Italy Association, Italian Historical Society of San Diego (Convivio), Manchester Hyatt and Big Brothers and Big Sisters.
