Description

Thurgood Marshall Middle School is located in Scripps Ranch. Established in 1998, the school quickly outgrew its old facility. The District utilized Prop MM funds to create a state-of-the-art facility, which opened in Fall 2007. We are one of the largest middle schools in the District.

Our intelligent, talented students achieved the highest 2007 API score among all District middle schools. Many of our committed staff members hold National Board Certification and/or master's degrees.

Marshall's educational approach combines exploration and creativity, discipline and dedication, teamwork and individuality to meet the needs of 21st-century learners. A strong core curriculum with elective and community service programs encourages academic excellence.

We offer rigorous GATE programs and diverse electives. Art, video production, Spanish, technology, keyboarding and peer helpers enable students to discover their talents. Students develop critical thinking, effective communication and problem-solving skills, and learn to make reasoned moral and ethical choices.

Students practice tolerance in preparation for life in a multicultural society. A strong guidance program addresses physical, social and emotional needs. Students leave us prepared for the broadest range of academic options in high school.

Marshall is fortunate to have an active PTSA, School Site Council and School Governance Team. The PTSA provides funding to purchase instructional materials, capital improvement projects and technology maintenance.
