Schedule: Year-round
Total Enrollment: 1,208
FTE: 56.0
Per pupil allocation:
 \$6,453
Special Program Offerings

- EL
- GATE Cluster
- City Heights Educational Pilot

Description

Monroe Clark is a collaborative community. Our mission is to help students become resourceful, independent learners who possess the ability to master state standards. We intend that Clark students demonstrate success by meeting proficiency on site-developed benchmark assessments and by attending school at least 90 percent of the time. A comprehensive system of support is provided in support of these outcomes.

The decade-old Clark is part of the City Heights community revitalization. We are located in one of the most diverse and economically challenged areas of San Diego.

Clark is part of a cutting-edge pilot program in partnership with San Diego State University, Price Charities, San Diego Education Association and San Diego Unified School District. This City

Heights Educational Pilot is a school reform initiative.

In 2005-06, Clark developed a restructuring plan to strengthen students' academic performance. With the help of teachers, parents and community members, the school has provided more support for students across the spectrum of learning, including English Learner, and GATE students. We have also infused art into the core curriculum.

We are proud to report that Clark's vital signs continue to improve. Our community is more stable than ever, our overall student achievement continues to improve in mathematics and reading, more students are attending school regularly and we have made growth toward higher levels of API.

Code	Program	Original Budget General Fund
