Description

University City High School (UCHS) is located in the Golden Triangle, the exciting heart of the University City community. We serve a diverse population that mirrors San Diego. Approximately 66 percent of our students come from the local area. Our proximity to UCSD, and to biotech and high-tech industry hubs provides students with a wealth of resources and internship opportunities.

UCHS provides a wide range of excellent instructional programs. We offer a humanities core GATE seminar program for all grade levels, with science offerings for 9th graders. GATE involves students in the arts, sciences and technologies.

As a California Partnership Academy grant recipient we provide visual and performing arts, and practical arts courses. We offer classes in the fields of multi-media design, design and fabrication, child development, and bio-medical sciences.

Experienced, well-trained, and highly qualified professionals dedicate themselves to presenting one of the best quality high school programs available. API scores validate our staff's efforts. Our standardized test scores consistently exceed district and state averages. We provide extensive academic support to students in need of additional assistance such as, after-school tutoring, Saturday school and an after-school course makeup program.

We provide parents with many opportunities for involvement and encourage them to create a positive learning environment at home. We are committed to obtaining community resources. In addition to an active PTSA, and Site Governance team, parent and community involvement includes the EdUCate! University City Foundation and on-site service clubs sponsored by Kiwanis and Rotary International.
