

English Learner Issue

English Learner information that is supposed to come from Zangle is not correct in Encore on Present Levels page 2. The “No” check box is selected and cannot be changed. In addition the CELDT level does not pre-fill and cannot be entered. This issue is scheduled to be corrected in September 2007 when the Present Levels forms are changed.

Follow the steps below to add correct information to Present Levels page 2.

- Enter the CELDT Level in the text field above the correct field.

ENGLISH LEARNER	<input type="checkbox"/> NOT AN AREA RELATED TO SUSPECTED DISABILITY
Is the student an English Learner?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If the student is an English learner, specify how the student's English proficiency will be addressed.	
Enter information about how the student's English proficiency will be addressed.	
CELDT Level: Intermediate	
Language Proficiency Assessment Results:	CELDT Level:

- On the draft copy that you take to the meeting line through the incorrect information, mark the correct check box and have the change initialed at the meeting. Keep a copy of this draft in the container.
