Would you like to improve your English, help tutor children in school and give back to your community all at no cost? If so, the Community-Based English Tutoring Program (CBET) is for you!

THE CBET PROGRAM

CBET provides free English language and family literacy classes for parents and community members who pledge to provide English language tutoring to California K-6 school children with limited English language ability.

The program is operated by the San Diego Unified School District in cooperation with the San Diego Community College District - Continuing Education. CBET is a state-funded program that is offered at over 25 elementary schools within the San Diego Unified School District.

CBET BENEFITS

CBET offers flexible hours and free babysitting during class hours (based on space availability). Trained instructors make this program a wonderful experience for everyone who participates.

Both parents and students will benefit from the English classes because of the focus on family literacy. Parents learn skills that can be easily passed on to their own children and other young community members in the tutoring sessions.

THROUGH CBET YOU CAN...

- Improve your English
 - Conversation – Reading – Writing
- Learn how to help your children in school
- Practice reading to children
- Tutor kindergarten through grade 6 students
- Meet other parents at your child's school
- Improve student, parent, teacher communications

HOW TO ENROLL...

To enroll, call the CBET Community Assistant at one of the participating schools. Schedules, space availability, and child age restrictions vary from site to site.
