Gifted and Talented Education

## **Seminar Task Force Review 2006-2007 Fourth Meeting Agenda February 13, 2006 4:00-6:00 p.m.**

“It is important for me to be in a Seminar class because that is the way that I learn. I know in my other classes I am considered “the smart kid” and it is a little bit uncomfortable for me because I feel that I am overshadowing the rest of the class. I get done first or I know all the answers. This is not the case in my Seminar class; my assignments fit in a way that allows me to challenge my intelligence. My teacher understands the way I learn so she is able to teach me in that way and make me work to the best of my ability.” –Sarah; Seminar student at SCPA 2006-2007

Focus: Task Force subcommittees will report out their findings and recommendations.

Please sign in and sit at the table designated for your high school feeder pattern.
