3/4. SPSA Review and Benchmark Results	<ul style="list-style-type: none"> <li>• Informational Item: Mr. Dale, Principal</li> </ul>	<ul style="list-style-type: none"> <li>• 1<sup>st</sup>-5<sup>th</sup> Grade cumulative test given. When asked about the difference of scores for Reading Comprehension in 2<sup>nd</sup> Grade (64%) (*AA 50%) to 3<sup>rd</sup> Grade (38%) (AA 33%), Michele H. mentioned the style of questions that are given could be the problem. Mr. Dale explained that year after year certain children are failing to the point of retention and that we need to correct this. These children do not qualify for IEP's. So to prepare for intervention, physical educator will no longer be used as prep time by the teachers, but will now be used to give more time in smaller groups to all children by having half of the class out to PE while the other half remains for the intervention. The groups will then switch-half go to PE and the other half comes in for teacher intervention. (*AA = African American)</li> </ul>
