

School of Communication Investigations in a Multicultural Atmosphere (CIMA)

“Expand your choices in today’s diverse world.”

What do careers in politics, counseling, translation, business management, healthcare and TV broadcasting all have in common?

Your success in each of these careers will be enhanced with the bilingual education offered at the **School of Communication Investigations in a Multicultural Atmosphere (CIMA)**. We will give you the preparation you need for success in a career within a diverse society.

Our rigorous college preparatory curriculum offers a smaller, personalized learning environment that includes an advisory period where students receive individualized support and mentoring. Students also receive the practical experience they need for success in college and future careers through multicultural, interdisciplinary and theme-based projects, as well as job shadows and internship opportunities with our professional business partners.

CIMA students will have opportunities to take AP courses and to participate in activities including ASB, CIMA Club, Prom, Homecoming, Athletics, and JROTC along with the entire student body of the San Diego High Educational Complex.

At CIMA, we provide you with an individualized education where you can explore interests, develop your skills and graduate, ready to face your future with confidence.
