

LEADS High School

“We are teaching the leaders of the next generation.”

Lead. Explore. Achieve. Discover. Serve. These words represent the core philosophy of **LEADS High School** and form the foundation for all we do. Our students are interested in helping others and providing guidance, be it through education, public/protective services or medical and health service. Our students will serve their communities, as they become teachers and social workers, fire fighters and military officers, doctors and veterinarians.

At LEADS, students will:

- **Lead** their community through school and civic participation, and work experience
- **Explore** options for leadership, real world connections and college
- **Achieve** success in all courses
- **Discover** career possibilities in a variety of fields
- **Serve** their community

LEADS students will also have opportunities to take AP courses, and to participate in activities including ASB, Prom, Homecoming, Athletics, and JROTC with the entire student body of the San Diego High Educational Complex.

If you are interested in helping others and thinking about a service-focused career, let the community be your classroom and let LEADS be your school.

In addition to benefiting from a rigorous college preparatory curriculum in a personalized environment, LEADS students can take classes in:

- **DEVELOPMENTAL PSYCHOLOGY OF CHILDREN**
- **PUBLIC SPEAKING**
- **CAREER AND LIFE MANAGEMENT**
- **ORGANIZATIONAL MANAGEMENT**
