

# Calling all PAR Users!

A Listserv is a valuable e-mail communication tool (like a directory or list) that offers its members opportunities to receive important information about a certain topic; in this case, PAR. Once you become a member of the PAR Listserv you will automatically be included whenever updates, solutions to problems or tips are sent out to all PAR users in the district. It really pays to join, and just takes a moment of your time.

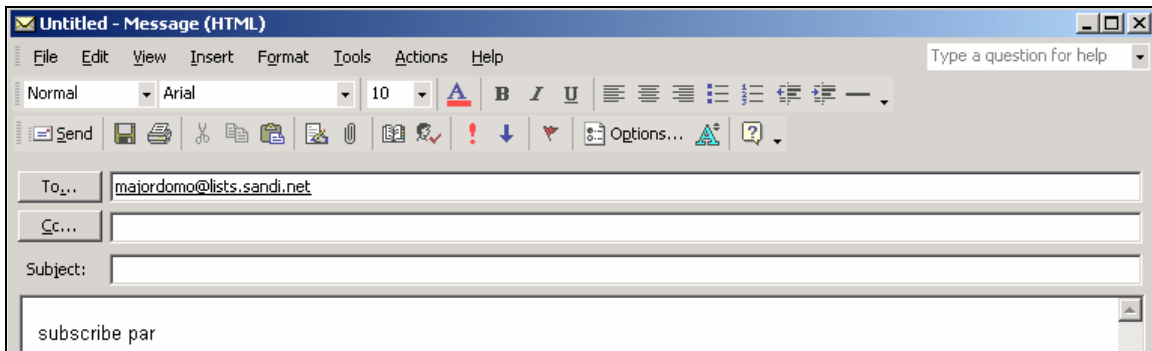

## How the Listserv Works for You:

- Whenever an important message related to the use of PAR needs to be given to all district PAR users, the message will be sent to all members of the PAR Listserv. This is the fastest way to get information to you that is important to how you use PAR.
- The Listserv is used to give you information such as updates to the functionality of the PAR software, announcements or notices concerning any problems with PAR, and answers to common or frequent questions people might have about PAR issues they may encounter.
- At no time are you allowed to send e-mail messages to the Listserv yourself. Only specifically designated district personnel have access to sending e-mails over the Listserv. This is to ensure that only PAR-pertinent information is sent to the membership, and that you don't receive numerous unnecessary or inappropriate e-mails.

## How to Subscribe to (become a member of) the PAR Listserv:

You can join the list via a simple e-mail.

1. Use any e-mail program (whichever e-mail you choose to subscribe from will be the e-mail address where you will receive Listserv messages), and send a message to: **majordomo@lists.sandi.net**
2. In the body of the message, write only: **subscribe par**
3. Send the e-mail.

## How to Unsubscribe from the PAR Listserv:

1. Use the same e-mail program you used to subscribe. Send a message to: **majordomo@lists.sandi.net**
2. In the body of the message, write only: **unsubscribe par**
3. Send the e-mail.
