Technical Support Agent

TIME WARNER CABLE

Report in person for presentation on:

Wednesday, 10 June at 9am and 10:30 am.

Location: **South Metro Career Center 4389 Imperial Ave.** (Imperial Marketplace).

Information session: This position is to provide **Tier 1 level technical** support for video, phone and high-speed Internet products to residential customers in a manner consistent with Time Warner Cable policies, procedures, quality, standards, customer needs and applicable local, state, and federal procedures. \$13. hr.

DUTIES AND OBJECTIVES:

Answers and responds to requests received from customers inquiring about video, voice and high-speed Internet problems. Logs all service requests into Enterprise Support System, Digital Phone Order Management or applicable database. Coordinates and directs the requests to appropriate ISP, Tier 3 or other Time Warner Cable personnel when unable to resolve at this level. Answers and responds to requests received via the Account Management and Payment skill-sets. Transfers more complex AM and Payment calls to the Desert Cities escalation team for resolution.

REQUIREMENTS:

Basic knowledge of computer Operating Systems including but not limited to the following required: Windows98, Windows2000, Windows Me, Windows XP, Windows NT and Macintosh Operating systems.

Basic to intermediate knowledge of PC hardware and software configuration, modem configuration and installation, computer networking and IP, Internet browsers (Explorer, Netscape) and Internet E-mail applications, cabling and installation, hubs, routers and other networking devices. Basic to intermediate knowledge of CSR/ACSR billing systems. Basic to intermediate level knowledge of all TWC supplied customer equipment including, but not limited to: Set-top boxes, cable cards, remotes, modems, including Digital Phone modems, and wireless routers.

Must possess excellent customer service skills. High School diploma or equivalent required. Knowledge of cable television hook-up, set-top box hook-up, VCR/VCU hook-up and associated peripherals is highly desirable.

Must possess excellent verbal communication skills. Bilingual ability in Spanish/English is preferred. Ability to add, subtract, divide and multiply numbers accurately. Ability to logically follow schematic diagrams or flow-charts.
