Library at Bayview Terrace more than 50 percent complete

SAN DIEGO – The new library at Bayview Terrace Elementary School is more than halfway completed. The 2,074-square-foot, one-story building will include book collections, reading areas and computers for students. Other improvements at the school include a new 2,000-square-foot lunch court shelter and modernization of existing buildings.

The project, awarded at \$1,849,000, is scheduled to be completed in August 2003. The general contractor is **Straight Line General Contractors**. The architect is **Zagrodnik + Thomas Architects**. **Richard Tonti** of **O'Connor Construction Management** is the construction manager. **Janet Gonzalez** is the project manager, and **Bruce Gaffney** is the project inspector.

The project is funded by Proposition MM, the 1998 bond measure that provides \$1.51 billion toward the \$4 billion of needed repairs, replacement and expansion at San Diego City Schools.
