Absent: Rowena Thompson, Mary Hight, Sabrina Bazzo

I. Welcome / Introductions

II. Approval of November 29, 2005 SGT Minutes-- approved w/o amendments

III.

IV. Old Business

4.1 Global Issues--none

4.2 Completion of the new gate—gates are not done and there are security issues with them. Currently they can be unlocked easily so Laurie has not signed off on them. The breakaway gate is to help meet legal requirements to allow anyone to exit if needed.

V. New Business

5.1 Added-phone voicemail system—PTA is looking into purchasing system where all the phones would be upgraded by Truecom. Currently Sandburg is 185 phone upgrades behind because the district doesn't upgrade. Everyone would have individual voicemail, with the ability to set rings (ie not during instructional time). It would allow outgoing voicemail messages to be left at family homes regarding events. Like the secondary schools. Student council may also be able to help fund.

5.2 **Now there is a Monday morning assembly committee.** -4th grade is working on the seating set up. It will move back to the flag. Donna Evens class is working on it and turning it into a math lesson to figure out where everyone will sit.

5.3 **There was a PTA partnership seminar—working on building better relationship.** Next meeting is Feb 21st at 6:30

VI. **Round Table**—Question asked about Escript----one teacher had a receipt that she brought in. One member said it should be done automatically when say Vons Club or Ralphs card. Eric will follow up on the program.

VII. **Summary of Meeting**

VIII. **Adjourn**

Next meeting is on February 28, 2006
