**Brief Explanation:**

In 2009-10, the district will continue to use three standard progress reporting periods at the elementary school level. The length of the first reporting period remains the same and is aligned with the district's at-risk student timeline, which requires parent notification for students at risk of not meeting grade-level standards. The second reporting period was extended in 2006-07 and will remain that way for 2009-10 to allow for more instructional time between the end of the first and second reporting periods.

The chart below provides progress reporting period end dates for the 2009-10 academic year.

**2009-10 PROGRESS REPORTING PERIOD END DATES**

### **Guidelines for Scheduling Parent-Teacher Conference Days**

Although progress reporting periods are standardized throughout the district, elementary schools may continue to schedule parent-teacher conference days to meet individual site needs, schedules, and transportation availability. Elementary schools may select their minimum days according to the timelines provided on Attachment 1. The *Request for Parent-Teacher Conference Dates: 2009-10* (Attachment 2) must be submitted to each of the individuals/offices listed on the form **no later than April 3, 2009 (Year-Round Calendar Schools) or April 17 (Traditional Calendar Schools)**. The following provisions must be met when conducting minimum days for parent-teacher conferences.

1. **Grades 1-3: 230 minutes per day**, exclusive of recess and nutrition breaks. Minimum school day may be computed by determining number of minutes of attendance in any ten consecutive school days and dividing that number by 10. If the resulting quotient is 230 or more, students shall be deemed to have complied with Education Code and district provisions even if the number of minutes attended in any one school day is less than 230 (but **not** less than 205).
2. **Grades 4-5: 240 minutes per day**, exclusive of recess and nutrition breaks. Minimum school day may be computed by determining number of minutes of attendance in any ten consecutive school days and dividing that number by 10. If the resulting quotient is 240 or more, students shall be deemed to have complied with Education Code and district provisions even if the number of minutes attended in any one school day is less than 240 (but **not** less than 205).
3. Cafeteria lunches must be provided for those pupils desiring to purchase lunches and for those pupils eligible for free or reduced-price lunches. Lunch does not count as part of the 230- or 240-minute minimum.
4. Schools sharing the same bus routes on the same time schedule must select the same days for parent-teacher conferences in order to avoid conflict for bus service.
5. There are a limited number of buses available for minimum days. Transportation will be scheduled on a first-come, first-served basis by written requests from schools. It is likely that Transportation Services may not be able to support some requests from schools.
6. In the event that a particular day is oversubscribed, schools will be required to reschedule their minimum days in order to receive bus service. **Schools should NOT notify parents, staff, or students of specific days for conferences until written confirmation from Transportation Services is received.**
7. Changes to the original request for minimum day schedule must be submitted to Transportation Services for approval. Please wait for written approval from Transportation Services prior to notifying parents, staff, and students of the schedule change. Your School Improvement Officer, the Pupil Accounting Department, and School Police Services must be notified of the change. Note: Transportation Services may not be able to support changes made at the last minute.
8. A minimum day schedule for students does not change the workday for certificated or classified staff.

Please note that the scheduling of minimum days for parent-teacher conferences must be completed prior to submitting the *2009-10 Annual Instructional Minutes Schedule*—Administrative Circular No. 77. Be sure to plan ahead as the due dates for submitting the *2009-10 Annual Instructional Minutes Schedule* to the Pupil Accounting Department are also **April 3, 2009 (Year-Round Calendar Schools) or April 17 (Traditional Calendar Schools)**.

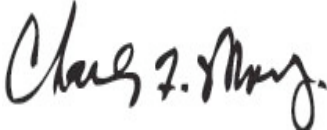

Bus service in support of parent-teacher conference days will be scheduled in the most cost-effective manner due to budget limitations. This often results in different buses and drivers servicing schools on parent-teacher conference days. Therefore, schools should closely supervise procedures at their loading zones on these days.

Note: Transportation Services will provide written notification to each school when buses are scheduled for parent-teacher conference days. **Please do not notify parents, staff, or students of the conferencing dates until written confirmation from Transportation Services is received.**

Schools should contact the Planning Section of Transportation Services at 858-496-8475 or 858-496-8460 if they have any questions regarding transportation. Questions regarding standardized progress reporting periods should be directed to the Research and Evaluation Division at 619-725-7166.
