Brief Explanation:

This circular provides background information and test administration details for the California High School Exit Examination (CAHSEE).

A. Background

The CAHSEE Program was established by Senate Bill 2, O’Connell in spring 1999. The CAHSEE serves two purposes:

- 1) to improve student achievement in high school; and
- 2) to ensure that students who graduate from high school can demonstrate competency in the content standards for reading, writing, and mathematics, adopted by the State Board of Education.

All students graduating after July 1, 2005 must pass both sections of the CAHSEE to be eligible to receive a high school diploma. It is essential that schools do everything possible to ensure that ALL students in Grade 10 (students in the class of 2011) who were absent for the March administration and all students in Grade 12 (students in the class of 2009) who have not previously passed both sections of the CAHSEE take the test, including English learners and special education and adult education students. Students must have many opportunities to meet the CAHSEE requirement for a high school diploma and must receive appropriate instruction on the standards covered by the test.

The CAHSEE has two sections – an English Language Arts (ELA) section and a Mathematics section. The ELA section of the test covers the California State English Language Arts Content Standards through Grade 10 and includes 79 multiple-choice questions and one essay question. The reading portion of the test covers vocabulary, informational reading, and literary reading. The writing portion covers writing strategies, applications, and conventions, and includes one written response to either literature or an informational passage or to a writing prompt. The ELA examination will be administered on one day in two separate sessions. Sessions 1 and 2 are contained in the same test booklet, but Session 2 is sealed with a separate seal to ensure that students do not work ahead.

The Mathematics section of the test covers the California State Mathematics Content Standards through Algebra I and consists of 92 multiple-choice questions. It includes statistics, data analysis and probability, number sense, measurement and geometry, mathematical reasoning, and algebra. Students must also demonstrate strong computational skills and a foundation in arithmetic, including working with decimals, fractions, and percentages. The Mathematics examination will be administered in one day in two separate sessions. Sessions 1 and 2 are contained in the same test booklet, but Session 2 is sealed with a separate seal to ensure that students do not work ahead.

B. Testing Schedule

The following is the statewide testing schedule for the May administration of CAHSEE. **To ensure security of the test throughout the state, test sessions should start before 9:00 a.m. Test sites needing to test outside of this window must contact the Assessment Services Department.**

Test Section	Date
English Language Arts	May 12, 2009 (Tuesday)
Mathematics	May 13, 2009 (Wednesday)

C. Timing

In the following table, "approximate working time" refers to the time students are working on the test questions. "Approximate total administration time" is the sum of working time plus additional time for distributing and collecting test materials, as well as time used by students to complete the demographic information and evaluation questions on the answer document. The expectation is that most students will finish within these approximate testing times, but the exact length of each test session may vary from these times. The CAHSEE is an untimed test, but untimed does not mean unlimited time. Students should be allowed to take the time they need within the school day to finish the exam, but students may only have time beyond the regular school day if their IEP or 504 Plan specifies the need for such extra time. Sites should plan for a small overflow location for students who wish to continue working on Session 1.

Assessment	Approximate Working Time	Approximate Total Administration Time
English Language Arts - Session 1	2 hours	2 hours 30 minutes
English Language Arts - Session 2	1 hour 30 minutes	2 hours
Mathematics - Session 1	1 hour 30 minutes	2 hours
Mathematics - Session 2	1 hour 30 minutes	2 hours

D. Who Must Test?

Schools must offer all Grade 10 students (students in the class of 2011) who were absent for the March 17, 2009 ELA or March 18, 2009 Mathematics administrations, the opportunity to take the CAHSEE, including English learners and special education students. **The records of students newly enrolled at a school following these dates must be carefully checked to verify whether they were administered either the ELA or Mathematics portions or both at another California school in either February or March 2009. By law, these students may only be administered the CAHSEE one time during the tenth grade year.**

In addition, schools must offer all Grade 12 students (students in the class of 2009) and adult education students who have not previously passed both sections of the CAHSEE, including English learners and special education students, the opportunity to take those sections not passed. **The May 2009 administration is ONLY available to these previously-mentioned students and is NOT for students in Grade 10 who participated in either the February or March administrations or students in Grade 11.**

English Learner (EL) Students

All EL students are required to take the CAHSEE. The district may defer the requirement for ELs to be tested for up to 24 months from their enrollment in a California public school, until the student has completed six months of instruction in reading, writing, and comprehension in English. The student must then pass the CAHSEE in English to receive a high school diploma.

Special Education Students and 504 Students

Special Education/504 students must pass the CAHSEE to receive a high school diploma. The CAHSEE may be administered with appropriate **accommodations** (see Attachment A) as required in each student's Individualized Education Program (IEP) or 504 Plan. Attachment A indicates the accommodations that the state has determined do not modify what the test measures. Students may use these accommodations and the test administration is considered standard.

The following have been determined to fundamentally alter what the test measures, and therefore are considered to be **modifications**.

- use of calculators or arithmetic tables on the Mathematics portion of the test
- audio or oral presentation of the English Language Arts portion of the test
- use of sign language to translate questions on the English Language Arts portion of the test
- responding to the writing item with a scribe that provides spelling, grammar, and language conventions
- use of a dictionary
- responding to the writing item with the use of a spellchecker, grammar checker, or word processing software that checks spelling and grammar
- use of an assistive device that interferes with the independent work of the student

The State Board of Education has adopted a **waiver policy** to the CAHSEE that allows students with disabilities to use necessary **modifications** when taking the test, thereby ensuring those students will have a full opportunity to earn a diploma. Under the waiver policy, a student with a disability who has an IEP/504 Plan that clearly details his/her need for a modification(s), will be able to use that modification(s) while taking the CAHSEE. On behalf of the parents, schools will then be permitted to apply to the district's Board of Education for a waiver (reference Administrative Procedure No. 4850) on behalf of students with disabilities who earn the equivalent of a passing score or above on one or both sections of the CAHSEE **with** the use of such modifications. If the waiver is approved by the district's Board of Education, the student will NOT have to re-take and pass that section of the CAHSEE to receive a high school diploma.

E. Administration of Examinations

It is imperative that all instructions in the *Annotated Test Site Coordinator's Manual* and the *Annotated Directions for Administration* be followed carefully. Note particularly those sections that describe testing and security procedures (including procedures for the safekeeping and accounting of all test materials). It is critical that persons administering the test are completely familiar with the directions in the manual for sorting, packaging, sealing, and returning CAHSEE tests to Assessment Services. Teachers/Examiners **MUST** read the "SAY" items in **bold** in the *Annotated Directions for Administration* **word-for-word** to students.

F. Certification of Security and State Required Information on Number of Students Tested

- The principal must **complete** and **sign both pages** of the attached Certification/Apportionment Form (Attachment B) and return it in the special GREEN envelope (which will be provided by Assessment Services) along with:
 - all signed, original copies of the *CAHSEE Test Security Affidavits* (one for each person who had access to secure test materials at any time – see Attachment C),
 - the "Principal's Certification and Apportionment Form" (Attachment B) with both pages completed and **signed**
- The Site Test Coordinator must also sign the Certification/Apportionment Form
- The Site Test Coordinator is also responsible for delivering and submitting the required documents described above (in the special GREEN envelope) to the Assessment Services Processing Center, Annex 10, at the same time as the site's CAHSEE test materials are delivered. **The GREEN envelope with these documents should not be packed in the carton(s) with other test materials.** Site Test Coordinators should make copies of these documents for their files

Student names, grade levels, ID numbers, and reason for returning completed answer document with NONSCORABLE materials must be listed on the grid on Attachment B. Educational Testing Service (ETS), the state contractor for the CAHSEE Program, charges \$450 per student if a completed answer document is found in a district's NONSCORABLE materials and the district indicates that it needs to be scanned and scored. Completion of this grid will allow Assessment Services to accurately advise ETS correctly if this situation occurs. **If a completed answer document is found with a school's NONSCORABLE materials and the school has NOT provided information regarding the reason, Assessment Services will assume that the document needs to be scored and the school will be charged accordingly.**

G. Pick-Up and Return of Testing Materials

Schools will be notified of availability for pick-up of site materials upon district receipt of CAHSEE materials.

All scorable answer documents and all non-scorable materials are to be returned to the Assessment Services, Processing Center, Annex 10, by **4:30 p.m., Wednesday, May 13**. Each principal should complete all certification forms and return them according to the process outlined in the *Annotated Test Site Coordinator's Manual*.

Schools need to ensure that all directions in this circular, the *School Coordinator's Manual*, and other materials provided by the state are closely followed to ensure correct processing and packaging of CAHSEE test materials.

School Coordinators should refer to the **After Testing** section of the *Annotated Test Site Coordinator's Manual* for complete return instructions for each individual CAHSEE test. **It is critical that persons administering the various tests are completely familiar with and follow the repackaging instructions in the manual. Remember the following:**

- **All student forms must include the student's official, complete, and correctly spelled first and last name (as it is in the district's Student Information System) and the correct 9-digit or 5-digit student ID number (leading zero, right justified; e.g., 002149123) and the correct 10-digit statewide student identifier (SSID) number**
- **Tests must be sorted and repacked correctly**
- **All materials must be counted, verified, and banded together**

H. Mandated Cost Activities Time Log (note-copied from most current CAHSEE)

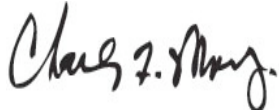

It is essential that all staff members (except teachers), permanent or hourly, complete the Reimbursable Activities Time Log – CAHSEE (Attachment D) if they had some association with the CAHSEE administration. This enables your site to receive fifty (50) percent of the District's paid reimbursement claim that is attributable to your site's reimbursable activity for each state-mandated activity. In addition, your site will receive 100 percent of the time spent completing each time log. Note that on the bottom of each time log, there is a space to identify the time spent completing the form. CAHSEE Time and Training logs can also be found at the Mandated Cost web site - http://www.sandi.net/depts/mandated_cost/index.html

Contact the Mandated Cost Unit at (619) 725-4567 if you would like further information on the Mandate Reimbursement Program.

If you have any questions regarding information in this circular, contact Agnes Zufelt at (619) 725-7061 or azufelt@sandi.net, or Erin Gordon, the district CAHSEE coordinator, at (619) 725-5687 or egordon@sandi.net.
