

SAN DIEGO COUNTY OFFICE OF EDUCATION presents:

# HOW TO PODCAST

NO IPOD REQUIRED

## WHAT IS A PODCAST?

"A podcast is a media file that is distributed by subscription (paid or unpaid) over the Internet using syndication feeds for playback on mobile devices and personal computers." (Wikipedia)

Podcasting is all over the Web these days, and it's changing the way we think about news and information.

Podcasts, a broadcast medium for the masses, are popping up everywhere!

Broadcast your school bulletin, lectures, student reports, parent communication — the sky's the limit!

## IN THIS WORKSHOP, YOU WILL:

- see examples of podcasts used in K-12 classrooms
- learn what a podcast is
- learn how to record, edit and enhance the underlying audio
- learn how to make your podcast available on-line
- use the tools in Apple's iLife package

Find out how **YOU** can be part of this **NEW WAVE** of **MEDIA LITERACY** and how it can be used in **THE CLASSROOM**.

THIS IS A HANDS-ON WORKSHOP.
