

## **University City Community Meeting with John Lee Evans**

**Monday, March 9**

**4:30 p.m.**

**University City High Media Center  
6949 Genesee Avenue  
San Diego, CA 92122**

***University City Schools in 2020: What do you want for our neighborhood schools of the future?***

**All parents, teachers, and community members are invited to discuss the future of Spreckels, Doyle, Curie, Standley, and UC High. Our first graders will graduate in 2020. What kind of schools do we want them to have over the next 11 years? We need to weather the current budget crisis, but we must also make long term plans based upon what the community wants.**

### **Our Mission**

***All San Diego students will graduate with the skills, motivation, curiosity and resilience to succeed in their choice of college and career in order to lead and participate in the society of tomorrow.***
