

Summer 2009 High Tech High

In Summer 2009, San Diego children of all ages will have a great new option for making the most out of summer, as High Tech High introduces the Summer Academies at the HTH Village in Point Loma. These active and enriching summer programs offer elementary, middle and high school students from across San Diego County an opportunity to experience the best of the High Tech High schools as they pursue their passions, experiment with new directions, and develop real-world skills through hands-on experience.

The Village Academy *entering grades 1-6*

Come to the Village this summer ready to imagine, create and learn. Unique programs for campers entering 1st – 3rd grades and 3rd – 6th grades combine themed group projects, crafts, team games and reading clubs tailored to every reading level.

High Tech Middle Summer Academy *entering grades 6-9*

The program at High Tech Middle Summer Academy follows the same innovative project-based design principles developed at High Tech High, with the focus on active and collaborative work in teams. Customize your program with morning projects and X-Block electives as varied as 3D Modeling, CSI Forensics, Animation and Web Design.

High Tech High Summer Academy *entering grades 9-12*

The team projects and X-Block electives at the High Tech High Summer Academy represent the best of High Tech High across the spectrum of the Arts, Science, Math, Computer Science, Media Arts and the Humanities. Tailor your ideal summer program, choosing from a broad variety of options such as Shakespearean theater, robotics competitions, filmmaking, music production, graphic arts and fitness classes.
