

# Partnership Displays at the Education Center

Schools and Departments are invited to showcase their partnerships at the Eugene Brucker Education Center outside the Community Relations office for one month during the 2004-05 school year. There are several bulletin boards available, each board measuring 44" wide and 72" in length.

Please indicate below if you would like to showcase your partnership(s) and the month you prefer. Schools and Departments can choose to use more than one bulletin board. The months of September 2004 through June 2005 are available. Months will be assigned to schools on a first-come basis.

Just a reminder, please do not display anything of value (e.g., expensive framing, non-replaceable certificates).
