## General Information about this Release

- ❑ We advise you to begin the examination of this release by reading through the new documentation. Detailed instructions for all applications are available from the 'F1 Help' within Zangle FrontOffice.
- ❑ This Release contains all Zangle F1/Help Documentation (both FrontOffice and Zangle Connection).

**NOTE: Set-Up and User Documentation can be displayed by pressing the 'F1' key inside the Zangle FrontOffice applications.**

**Help is accessed in Zangle Connection applications (on both PC and Macintosh platforms) by using the 'Help' link that is displayed in the upper-right corner of the page.**

## Minimum Version Requirements

**IMPORTANT NOTICE:** If you are not currently running at least the minimum version levels indicated below, then you must first upgrade to these versions before proceeding with the installation of this release.

Product	Minimum Version Information
 Zangle FrontOffice	<b>Zangle FrontOffice 2009.1 (released Spring 2009)</b>
 Zangle Connection Web Applications	<b>Zangle Connection 2009.1 (released Spring 2009)</b>

### Category Column

Functional – indicates changes that affect the user interface.

Configuration – indicates cases where configuration is required.

Modifications that we believe to be minor cosmetic changes are not categorized.

## FrontOffice Application Release Notes – 2009.2
