

Zangle Training Calendar for schools starting Summer School on July 27th.

This Zangle Summer School Training Calendar shows classes offered in June and July at the Fremont Training Center (2375 Congress Street, 92110). These classes are **only for schools that are starting Summer School on July 27**. If your school starts summer school on June 22, please refer to the Zangle Training Calendar for schools starting Summer School on June 22:

http://www.sandi.net/zangle/training/calendars/SummerSchool_2009_May_June.pdf.

The Zangle Summer School Setup training class follows a "work session" format. You will be expected to complete real tasks during class. **Please bring the list of teachers that will be teaching summer school classes along with the specific classes they will teach.** You should also know the names of the students who will be in each class.

During Setup training, we will be working on your production database. We will spend time in class actually setting up your U-Track. Participants who attend without completing the required homework assignments will not be able to take advantage of this learning opportunity. If your Principal has not provided you with this information yet then we highly recommend you drop yourself from this session and reschedule for a later session. For Maintenance training you do not need to bring anything to class.

For more information on classes, please go to our **Zangle Interactive Course Catalog** at https://www.sandi.net/dwa/zangle//training/course_catalog/index.asp.

For questions regarding Summer School, please contact the Summer School Office at 725-7139.

Please sign up for classes online on our website: <http://www.sandi.net/zangle/training/index.asp>.

Note: A.M. = 8:00-11:00 P.M. = 12:00-3:00
